By signing this document, I \_\_\_\_\_, am stating that I both understand and agree to the following: (print name)

- All tattoo deposits are **non-refundable**
- The money deposited will come off the final session of the tattoo, if multiple sessions are necessary. The price of the deposit is \$50 for small tattoos, and half of the estimated price up to \$250 for larger work.
- If I do not show up to my scheduled appointment, my deposit will be forfeited and a new deposit will be required to set up a new appointment.
- 72 hours notice is required to reschedule if I need to move my appointment to a later date.
- Deposits are **non-transferrable** and cannot be used by another person.
- If I arrive more than 30 minutes late to my appointment, and/or do not bring proper government issued photo ID (driver's license, passport, etc.) my deposit will then be forfeited. A new deposit will be required. Identification is required every time I get tattooed.
- The artist will not send any artwork over text or email prior to the appointment date, nor will a drawing be issued without a date set in the calendar. All art is made according to which appointments are the soonest. If I wish to see artwork in advance, I must schedule a time for an in-person visit.
- If I completely change my mind on what I want that is unrelated to the previous drawing, (such as from a flower to a lion) and a drawing has already been made, a new deposit will be required. The previous deposit can be held for the first drawing for up to 6 months.
